MEDINA PLAYERS LOSE TWO GAMES

Medina opened the base ball season the past week playing three games within five days. Two of the contests were lost, the home team copping one only.

Owing to the fact that many of the players could not get off for Saturday's game a very weak team took the field against Brunswick, and consequently suffered a severe defeat by the score of 14 to 1. Armistage pitched a fine game for Brunswick and deserved to win.

On July Fourth the Swift Company's team from Cleveland put up two good games here losing the first 2 to 1 and winning the second 9 to 3. The features of the morning game was the pitching of "Red" Harding, who struck out 12 men and allowed but five hits. In the afternoon game Houston was hit rather freely, and loose support compelled his downfall.

Two fine audiences took in the games on the national holiday leaving a nice balance in the treasury after paying expenses.

Morning game:
Medina, 0, 0, 2, 0, 0, 0, 0, 0, 2, 10, 3
Swift Co., 0, 0, 0, 0, 0, 0, 1, 0, 1, 5, 5
Afternoon game:
Medina, 0, 0, 0, 0, 2, 0, 0, 0, 1, 3, 7, 4
Swift Co., 1, 0, 0, 2, 0, 4, 0, 2, 0, 9, 11, 1
There will be no game Saturday of this week, but a good game will be arranged for Saturday, July 14. Arrangements are being made to put a strong team in the field for the remaining games of the season.

DODGE DAMAGES AMERICAN

Thursday morning about 9 o'clock a Dodge, driven by a man named Burdette, who lives near Elyria, crashed into one of the concrete supports to the American hotel porch, completely demolishing the upright. The Dodge, a new car, with an inexperienced driver at the wheel, came up West Liberty street and passed to the left of the silent policeman. The driver attempted to make the turn and put his foot down hard, but instead of locating the brake his foot went down on the accelerator. The car leaped forward toward the plate glass windows and was turned just enough to catch the concrete support, completely demolishing one and cracking the other. Aside from a bent front fender and a twisted axle the car and its driver escaped with the party proceeding on their way.

ARGUE CASES BEFORE UTILITIES COMMISSION

Attorneys Frank Woods and Arthur VanEpp were in Columbus last week attempting to convince members of the Public Utilities Commission that the Star Telephone Co., with exchanges at Lodi, Creston, etc., are charging excessive rates and that service is very poor indeed.

The case was filed over a year ago, but has dragged along with no decision. The telephone company's attorneys were present at the hearing with figures of costs, etc., attempting to justify the increase in price charged to the user.

Woods and VanEpp were given ten days in which to file a brief and the company given ten days in which to file an answer.

RECORDER GETS EXTRA MONEY FOR CLERK HIRE

County Recorder Rice, who last week filed a petition for \$280 additional clerk hire, argued his case before the commissioners' last Saturday and was granted the amount in full.

The office of Recorder has done a great deal of work this year from which it has derived but little financial return, and the extra clerk hire made necessary, has often been paid by the Recorder out of his salary.

MINA GENNELL PLAYS TO LARGE CROWDS

Minnelli Bros., with Mina Gennell again heading the caste have been fortunate so far this week in having ideal weather for their performances and have been playing to large crowds all week. Monday the opening night, the tent was filled to capacity by the largest crowd ever present at an opening night in Medina.

Friday is feature night and a New York success, "Settled Out of Court," will be presented. Saturday at 2:15 a matinee entitled "Bringing Up Father" will be given to delight the young folks. Saturday night the farewell performance, "The Cow Boy and the Girl" will be given. Large crowds are expected at all the remaining performances.

DOG TAG VS. SHEEP FUND

From figures obtained by County Auditor George McNeal the dog owners of Medina county are more than holding their own in comparison with the sheep claims presented.

From April 1, 1916 to April 1, 1917, 108 sheep were killed, costing the county \$822.25 in claims; 83 injured, damage estimated at \$269 and \$42.25 was allowed as witness fees, making total cost of \$822.50.

The county treasury had on hand April 1, 1916, \$2669.13 and since then has collected \$2002.78 from the per capita dog tax, a total of \$4671.91. After deducting the total amount allowed for claims, \$800 was transferred to the school fund, \$267.23 to various other funds, including the humane society, which leaves a balance of \$2872.18 in the treasury to the dogs' credit.

BOARDER PROBABLY NEEDED CLOTHES

Upon their arrival home from a dance Wednesday evening, June 27, Fred Tebbitt and wife discovered that some one had made away with a small bank containing about \$30 in cash, a complete outfit of wearing apparel and other small articles, the entire loss being approximately \$50.

The next morning Fred swore out a warrant charging Lafayette Woodward with the crime. Woodward was a boarder at the Tibbit home and as he had obtained board and lodging from them at various times since and before the Tibbit family moved to Medina, he was given the freedom of the home and had been left in charge that evening.

Armed with the warrant, Sheriff Gehman made a hurried trip to Cleveland and notified the police of various other cities, but has been unable to find any trace of the missing man. Woodward was well known in and around the village, having been engaged in the painting and paper-hanging business for some little time.

POTATOES DROP; BREAD STILL HIGH

While market men and other dealers of Cleveland were begging buyers to purchase potatoes at \$5.50 a barrel last Friday, the price the same day at Medina was \$1.05 a peck. A barrel holds approximately three bushels. This price is about the same as a few weeks before when potatoes were selling for \$12 per barrel. Yesterday, while the Cleveland market had rebounded slightly, potatoes were selling in Medina at 80 cents a peck.

Bread still hangs out at 15 cents a loaf; although flour has dropped another dollar, selling as low as \$12 a barrel. The slogan seems to be "get it while the gettin's good."

SALOONS PAY TAX

Financially the county infirmity is better off to the tune of \$196, the state by \$294, Liverpool by \$496, the county treasurer's and county auditor's office each a ten spot, than they were a week ago. The reason: The two saloon keepers of Liverpool each contributed \$500 this week as a six month's license tax.

PREPARATION GOING FORWARD

Preparation for the mobilization of the first contingent of 625,000 troops for the new national army advanced another step Monday when President Wilson promulgated the regulations to govern exemptions from military service.

In the order in which they must come, there are three steps in the army as prescribed by congress. They are registration, selection and exemption. The first step has been concluded and approximately 10,000,000 men between 21 and 30, inclusive, have been registered. The regulations issued Monday cover in detail the operation of the third step, exemption.

The exemption regulations announced that the boards will be advised of the selection process later, although none of the steps prescribed, except the organization of the boards, can be carried on until the selection machinery has furnished the names of the men whose fitness and desirability for army service the boards are to judge. There is one hint, however, as to how the selection machinery is to work.

The local boards are directed upon organization to take over from the registration precincts the cards and lists of the men registered on June 5, and as their first duty, to provide a serial number for each registration card. This has given support to the belief that the selection is to be by number. Reports were current recently that the selection drawing was to be made in Washington.

Presumably the process of selection will be announced only a short time before it is put in operation. Sept. 1 has been the tentative date set for calling the 675,000 men of the first contingent to the colors for training. Progress with construction of the sixteen divisional cantonments for the troops will govern that action, however. It is now believed there will be no serious delay.

The exemption progress will not take a great deal of time. It is difficult to calculate the time the local board will need in passing on the cards that come before them. The regulations provide, however, that decision in any individual case shall not be delayed more than three days by the local board.

MANY GIRLS WILL WIN TRIPS TO WASHINGTON

A lot of prize trips to Washington are awaiting the girls of Ohio who make an extra good showing in their canning and baking work this summer. To enable them to increase their skill the Ohio State University College of Agriculture will send pamphlets of information regularly and will enliven and reinforce these with visits of home economics specialists to each county.

The contest is being conducted in counties not having regularly organized clubs and is for girls between 10 and 18 years of age. An exhibit of a loaf of bread, six pints of fruit, two glasses of jelly and a small glass of preserves will be made at the county fair.

Girls who would like to win a trip should write at once for further information to W. H. Palmer, State Leader of Boys' and Girls' Clubs, Ohio State University, Columbus, O.

Mr. A. T. Spitzer returned from Toledo Thursday, where he had been attending the funeral of Mrs. C. M. Spitzer.

WEDNESDAY MATINEE HUGE SUCCESS

About 800 people were on hand at the fair grounds Wednesday afternoon to witness the star race event of the year, given by the Medina Matinee club. The weather was ideal and the crowd came up to expectation. The races were run in good time, the first half of the second heat in the first event being stepped off in 1:05 1/2, which is fast.

Boy Scouts were on hand selling ice cream cones and pop for the benefit of the Red Cross, which netted a neat sum in addition to the 25 per cent. of the gate proceeds which were donated by the driving club. The gates receipts amounted to \$138.

LIGHTNING AGAINST FOOD CONSERVATION

During the electrical storm last Sunday afternoon, lightning struck a tree on the M. Dannelly farm in Guilford township, killing seven head of cattle. Three of the cows belonged to Mr. Dannelly, two were the property of George Shook and two belonged to H. H. Kindig.

W. C. T. U. HOLDS ANNUAL PICNIC

"What is so rare as a day in June?" was a question in the minds of many of the 500 W. C. T. U. ladies and guests when they picked at Chippewa Lake, Saturday, June 30th. The dinner was served by the losing side to the winners, in the recent point contest, and all agreed that the losers had fully cancelled their indebtedness. The program for the afternoon was carried out from the hotel veranda, the audience being seated under the spreading trees. All joined in singing "America" and were led in prayer by Rev. Town of Mallet Creek. The following is the gold medal contest program:

Piano solo-Miss Eunice Wolfe, Wadsworth.
No. 1, Agnes Rood, Sharon.
Song, twenty-four children from LeRoy.
No. 2, Eunice Wolfe.
Vocal solo, Mrs. Hartzog, Medina.
Piano solo, Miss Grace Hartman, Medina.
No. 3, Howard Towne, Mallet Creek.
Solo, Angeline Flickinger, Chippewa Lake.
No. 4, Frank Copley, Sharon.
Song, Ralph Buchanan, LeRoy.
No. 5, Esther Bruck.
The gold medal was presented to Howard Towne.

The address given by Mrs. Florence Richards of Columbus, state president of the W. C. T. U. was heard with interest. In her introductory remarks she said, "How we all love our country. If we were not born in the U. S. we showed our good sense by getting here as soon afterwards as we could. A great many people have enjoyed this free, fair land, and if they can't stand by it, they ought to be put out, and the sooner the better."

"We have lived in this marvelous country in such security, it seems as if we have forgotten about God." "We talk about meatless days," "beerless days," would be more to the purpose. The conservation of our resources is given over to the women. They are even asked to give up face powder, because rice is used in its composition, but men are not asked to use less tobacco." "The whiskey men wrote me they would give \$250,000 for Red Cross work. If they could well afford to pay it if they could find 150,000 men a year." I replied they had already given their \$250,000 and didn't ask for it, either. It would be more to the purpose to electrocute the liquor business, instead of men who are victims of the accursed stuff."

Tuesday morning a deal was completed whereby Irvin Griesinger, who for some time past has been employed in the S. S. Oatman meat market, became the owner of the Union Delivery service which was owned by John Moore. Mr. Moore has passed all his examinations for admittance to the officers reserve camp and is awaiting a call. Mr. Moore also ran a wagon to Cleveland two or three days a week, purchasing perishable goods for the local stores. This end of the business was not sold. Mr. Griesinger took possession immediately.

RED CROSS COM. MET SATURDAY

A meeting of the directors of the county Red Cross board was held in the Sylvester library last Saturday afternoon, at which the majority of the townships and villages were represented. Mrs. E. D. Flickinger of Chippewa Lake was elected to the directorate in place of Mrs. Clair Carlson resigned and Mrs. Lois Buchanan appointed to fill the vacancy caused by the resignation of Mrs. Harvey Barone of Homer.

The board adopted lengthy by-laws, some suggestions of the National Red Cross organization being adopted, the other articles covering local conditions.

A purchasing committee for the county were named. They are Mrs. Beanie Hewes and Mrs. Clara Ainsworth of Medina, Mrs. W. C. Hoppe of Liverpool, Mrs. Fred Eastman of Westfield, and Miss Mayno Pratt of Medina township. The duties of this committee will be to purchase supplies for the entire county and to see that same are distributed to the various townships and villages.

The chairman, C. D. Wightman, was authorized to appoint an executive committee of five members, including chairman and secretary, whose duties are to attend to all matters, connected with the county organization, which arise between meetings of the board. This will in a way tend to cut down the number of board meetings as it is a hard matter to fix a time convenient for all members to be present.

Membership cards are given the different directors throughout the county and the work of securing additional members will begin in all villages and townships, Medina village having had a two week's start on many of the precincts.

Mrs. Helen W. Martin of Oberlin, who was present last week with samples of the various articles to be made by Red Cross organizations throughout the county, has agreed to make a return visit to Medina, when all women interested in sewing and knitting will have an opportunity to hear her explain the work.

The membership committee reported last evening that 775 members had signed applications. Valley City, Spencer and other townships about the county report growing enthusiasm.

SENTIMENT DIVIDED OVER BLAKESLEE PAROLE

A member of the Board of Pardons at Columbus was in town Tuesday morning obtaining expressions from various business men regarding the granting of a parole to Henry Blakeslee now in the penitentiary, under an indeterminate sentence for the killing of nightwatchman John Gates.

The parole board will act upon the case after July 31, and an effort will be made to obtain a full pardon, instead of a parole.

The official upon his departure, reported that he had "found sentiment pretty evenly divided" but further than this had nothing to say.

CLEMENCY BOARD WILL WORK AT PENITENTIARY

The clemency board of Ohio, composed of Price Russell of Creston and A. E. McKee of Cleveland, has succeeded the old Ohio pardon board, the change taking effect July 1st.

The change in rules makes it necessary for the new board to come in contact with inmates at the penal institution differing from the old method of pardon board meetings but three or four times a year. The new board will have their offices at the penitentiary. These two men will be called to act upon the Blakeslee affair, which will be threshed out about August 1st.

COUNTY Y. M. C. A. NOTES

Granger Members held their regular monthly business and fellowship meeting last Tuesday evening. The problem of adapting the basement room of the school building to association use was discussed.

The program of the bi-weekly meeting of the Litchfield boys' group on Monday evening took the form of a short hike and outdoor meeting. The following gentlemen were appointed at Tuesday's meeting of the County Committee as members of a Board of Directors for the Litchfield organization. A. H. Breley, Grant Hull and W. E. Leach.

In connection with the report of the committee on Army Y. M. C. A. work at the Seville meeting of the county board held July 3rd, it was stated that \$2,250 had been subscribed on the proposed \$3,000 for the war work for the balance of the calendar year. Three dollars per soldier is the cost of providing Y. M. C. A. advantages till Jan. 1st, according to a careful estimate made by the national war work council.

County Secretary R. A. Stow went to Frankfort, Michigan this week where, with his wife and son, he will become a "soldier of the soil."

Kenneth Walker of Seville, who spent the week-end at L. J. Flickinger's was much relieved Monday when he received word that his parents were not among those killed or injured Sunday afternoon when a belt line car plunged 20 feet into the river, below Niagara Falls. Mr. and Mrs. John Walker and Mr. and Mrs. Charles Walker of Seville had motored to Niagara Falls Saturday. The party returned Monday.

WADSWORTH WOMAN INJURED IN STREET CAR CRASH

Mrs. Catherine Griffiths, 62, of Wadsworth was slightly injured Tuesday morning when an E. Market street car crashed into a West Market-Woodster avenue car at Howard and Market streets, Akron, and swerved over the sidewalk into a building at the north side of Market street, killing three persons and injuring ten others.

The car was running up the hill on Market street when something gave way and it started backing down the hill crashing into the front end of another car coming up the hill.

The front end of the second car was demolished and the force of the impact threw the runaway off the tracks. Its speed was not diminished and when it leaped the curb and crashed into a building it was going 30 miles an hour. Two women on the sidewalk tried to get out of the way but were crushed between car and building.

BOY INJURED IN MOWING MACHINE

The two-year-old son of Mr. and Mrs. Elmer McNair of Pawnee, was badly injured last Friday when he was caught in the blades of a mowing machine.

The father was mowing weeds near the home and the little fellow got down among them directly in the path of the mower. The machine was not stopped until the first finger and the thumb on the child's right hand were cut off and the left arm badly lacerated. The hand had to be amputated.

SCHOOL ENUMERATION

Figures obtained this week in the county auditor's office show that there are a total of 6242 children in Medina county between the ages of six and twenty-one—3245 males and 2997 females. Of this number 723 are between the ages of 16 and 21. Wadsworth heads the list with a total enumeration of 1048; Medina is second with 788.

DRAFT BOARD COMPILES LISTS

Medina county's army draft board consisting of Harry Hiers of Wadsworth, Albert Harris of Lodi and Dr. H. P. H. Robinson of Medina, began active work on Friday afternoon.

Instructions were received Friday morning from Col. Hubert Turney, provost marshal of Ohio, at Columbus. Under these instructions the draft board is given three days to examine registration cards, number them serially in red and to exchange with other boards the cards of registrants, who have signed cards in Medina while holding residence elsewhere or who were residents of Medina when they signed cards but now residents of other places.

Copies of all cards must be in the hands of the authorities at Washington by July 7th, tomorrow. Although this work had been going on since Friday the main drive was started Sunday afternoon when, with sleeves up and collarless and maybe, shirtless, the board worked until 2 o'clock Monday morning, cleaning up the work. About 1800 names had to be copied four times.

No instructions as to when the draft will be made have as yet been received, altho the probable method of drawing has been received and is published elsewhere in this issue.

DEATH OF FRED J. KELLER

Fred Jacob Keller, son of Martin and Christina Keller was born in Liverpool, October 7, 1859, and died there June 29, aged 52 years, 8 months and 21 days.

At the age of fifteen he was confirmed in Zion Lutheran church at Liverpool and remained a member until his death. He was a member of the Liverpool K. T. O. M. and spent most of his life in Liverpool and Brunswick townships. He was united in marriage to Katherine Elizabeth Barth on Feb. 6, 1887. To this union were born nine children, Bert, Joe, Ella, Harley, Royal, Fred, Irene, Rosie and Velma.

On December 31, 1916 he suffered a stroke of paralysis, which left him in failing health and caused him much suffering.

Deceased leaves a wife, nine children and two grand-children, three sisters, Mrs. Regina Reutter, Mrs. Elizabeth aBy and Mrs. Carrie Fahrian, also two brothers, Martin Keller and Phillip Geiger, besides a host of friends to mourn his loss.

Funeral was held Sunday at 10 o'clock from the home, Rev. Gay officiating. Interment was made in Hardscrabble cemetery at Liverpool.

KIMBALL LAW DE- CLARED UNCONSTITUTIONAL

County Recorder Rice received word Tuesday noon that the Kimball law, which was to have gone into effect Tuesday morning, July 3rd, had been declared unconstitutional.

The Kimball law as passed by the last legislature provided that a fee of one-half of one per cent of each mortgage recorded be collected by the Recorder, the sum to go into the county's undivided tax fund. Had the law been held valid a large revenue would have been raised at this office, altho no direct credit would be shown in the recorder's report. Revenues on Monday, had they been under the new law, would have amounted to about \$62.

There was a noted increase Monday in the number of mortgages filed here as well as other places, holders getting them recorded before the law was to have taken effect.

JUDGE MCCLURE UPHELD

On Monday of the week the supreme court decided that Lewis D. Slusser be allowed to remain probate judge of Summit county, reversing the decision of the court of appeals, and holding that Judge McClure's decision given last winter was according to law.

Slusser's right to serve was contested by James Baker, who claimed the corrupt practice act specified \$500 as the limit of expenditures, while Slusser had expended \$1,100.

MEDINA HAS QUIET FOURTH

Eliminating the fact that there were two ball games in Medina Wednesday, the Fourth could not have been called different from any other Wednesday. Especially was this so in the afternoon, when the streets were deserted, those not remaining at home having their choice of going to ball games, horse races or the lake.

Fire crackers could be heard frequently but this feature of the day was less prominent than ever before. There were no Fourth of July accidents this year, the only thing approaching an accident being when a fire cracker exploded in the right hand of A. W. Gienke of Liverpool, lacerating thumb and two fingers.

Medina did well in her "conservation of ammunition" effort.

Village of Seville, lot 60, Seville, \$1.

Michael and Elizabeth Rohrer to Mina and Vernon Lamphear, lot 40, Wadsworth, \$1.

I. H. Rickert and wife to F. O. Phillips and wife, 61.76 acres, Lafayette, \$10.

Lewis H. and Beale Randall to H. E. Aylard, lots 10-11, Medina, \$10.

Edna B. Stender to E. E. Chandler, lot 46, Sharon, \$10.

Wm. and Alice Walker to Laura Eakin, 34.32 acres, Lafayette, \$1.

Thomas Worley to Mary B. Blakeslee, lot 42, Medina, \$10.
